

THE THREE-DAY JUICE FAST (DETOX)

Terms and Conditions

1. Diet Delight Detox is designed primarily to cleanse your body of toxins from daily diet. It can also help in boosting your metabolism and to lose weight in a quick span of time. Yet, ample Juice Fasting Guidelines (see attached) have to be done before & after the program for prompt body preparation and recovery.
2. This program is a Full Liquid Diet. Strictly, no solid food is allowed. Yet, you can have 1-2 cups of tea (Green/White/Oolong/Herbal) and at least 1 L of water a day aside from the drinks provided. Coffee is NOT allowed.
3. Only a mild to moderate exercise or activity level (i.e. Brisk Walking/Jogging for 20-30 minutes) is advised during the three-day course to avoid Hypoglycemia and extreme weakness.
4. Though the program promises positive health benefits, results will still depend on individual metabolism & the ability to endure the program.
5. To ensure the safeness of the beverages, the following are strictly advised:
 - Refrigerate the beverages immediately upon delivery. They are best served when cold; and
 - Do not drink any beverage after 48 hours.
6. Any medical condition which may occur during or after the program, Diet Delight will not be held totally responsible as it can be due to many other possible reasons & underlying conditions. DD DETOX IS NOT INTENDED TO CURE ANY DISEASE. Please consult first your General Practitioner in case you have any specific medical condition (i.e. Diabetes, GERD, etc.).
7. Maintain nearly 2-3 hours gap between each drink to avoid extreme hunger and to avoid digestive imbalances & problems. The Detox Water can be drunk in-between each drink to cleanse the palate.
8. You can start the program either on a Thursday or Sunday. In case you would like to cancel/postpone the start of the program, a minimum prior notice of 48 hours is required. We are using all purely organic fruits & vegetables to yield the best quality, which have to be ordered in advance. Hence, any cancelled program notified later than the required period can be charged to the customer, regardless of the reason for cancellation.
9. Our delivery timing is between 5:30 to 7:00 AM, to maintain the freshness and pH level (acidity) of the beverages.
